EXPERIENCE

➢ **Internship Title : Kamercio India private limited**

   Duration: April 2024 - Oct 2024

• Conducted a 6-month internship with the Commerce Company, where I was involved in developing, testing, and maintaining web applications using Laravel.

• Collaborated with a team to deliver two major projects based on the Laravel framework.

Projects

1. **Employee Management System**

   Duration: May 2024 - October 2024

➢ Developed a fully functional Employee Management System from scratch using Laravel to manage employee records, attendance, leave requests, and performance evaluations for an organization.
➢ Designed and implemented the back-end logic, including database schema and relationships, with Laravel.
➢ Technologies used: Laravel, MySQL, PHP, Blade Templates, JavaScript.

2. **AI-Generated System**

   Duration: June 2024-August 2024

➢ Developed an AI-Generated Platform using Laravel that integrates artificial intelligence to generate [specify the output generated by the AI, e.g., content, images, recommendations, etc.]
➢ Workedonboth front-end and back-end development, ensuring seamless integration of the AI model with the web application.
➢ Technologies used: Laravel, MySQL, PHP, AI Integration, JavaScript, Blade Templates.

3. **M.NCreation : E-commerce Website (Final Year Project)**
➢ Workingondeveloping an e-commerce platform for handmade products, where users can browse, purchase, and sell unique, custom-made items.
➢ UsingLaravel to create both the front-end and back-end of the website, ensuring secure transactions and a smooth user experience.
➢ Technologies used: Laravel, MySQL, PHP, JavaScript, Blade Templates, HTML/CSS, Payment Gateway Integration.
